Idaho Counterdrug Support Program Request Form Instructions

- 1. Requesting Agency:** Enter the specific Law Enforcement Agency (LEA), or Community Based Organization (CBO) that requests Counterdrug support.
- 2. Agency Type:** Select the jurisdiction level of the agency.
- 3. Group / operation name:** Specify the sub group / operation name requesting CD support (e.g. HIDTA MDS H31).
- 4. Name and Title of Requesting Official:** Name of agency / organization supervisor requesting support.
- 5. Phone Number:** Agency / organization supervisor phone number.
- 6. E-mail Address:** Agency / organization supervisor e-mail address.
- 7. Agency Address:** Include Street address, City, Zip and Congressional District. To find Congressional District, select the "Click Here" button. You will be directed to this site legislature.idaho.gov/wp-content/uploads/legislators/District%20Maps.pdf Enter the specific address and Congressional District of duty location where National Guard personnel will be assigned. Add the Idaho Representative's Congressional District.

8. Authorized Activity Requested:

(1) Linguist/Transcription Services. National Guard linguists may conduct post-collection transcription and translation of audio files, seized documents, and other analog or digital media. National Guard Service members will not participate in real-time intercepts or interviews.

(2) Investigative Case and Analysis Support. Military Service-qualified personnel may process, categorize, and evaluate criminal information, within the immediate scope of the supported law enforcement investigation, in support of law enforcement CD activities. Analysts will follow Federal, State, and local laws of criminal evidence and the supported agency's information handling policies and procedures to ensure compliance with applicable privacy laws and protect the rights of U.S. persons. Law enforcement criminal information will not be processed or stored on DoD systems.

(3) Communications Support. The National Guard may provide personnel to establish, operate, and maintain communications stations, bases, and communication equipment in support of law enforcement CD operations. This may include hardware, software, and other equipment to improve information sharing and collaboration as authorized by law. Additionally, National Guard network and communications specialists may establish command, control, communications, and computer networks to improve the efficiency of interaction between law enforcement and the National Guard.

(4) Transportation Support. National Guard ground and aviation units may provide ground transportation and airlift to support controlled deliveries and tactical logistics. Transportation support does not include administrative movements or logistic transport that can be organically or commercially resourced by LEAs.

(5) Training. The Idaho Counterdrug Support Program can assist with coordinating training provided by Counterdrug School houses around the country. They provide training in militarily unique capabilities and skills not readily available outside DoD to Federal, State, local, and tribal law enforcement, community-based organizations, and military personnel to improve drug interdiction and drug-demand reduction activities.

(6) Drug Demand Reduction Operations. National Guard Service members may provide training and support concerning militarily unique skills in leadership, mission analysis, planning, decision-making, and cross organization coordination to promote community-led efforts to develop and execute CD supply and demand reduction strategies for State, local, and tribal organizations and CBOs with a substance abuse prevention prevention nexus. All supported CBOs must be specifically identified in the State Plan. Support to a CBO is contingent upon that CBO having been specifically identified in a State Plan approved by the Secretary of Defense or his designee. Organizations receiving such support must be eligible under 32 U.S.C. 508.

(7) Reconnaissance and Observation. A Law enforcement support mission involving the observation of LEA-developed targets that may include suspicious buildings, vehicles, vessels, or persons in the United States and to provide precise and continuous coordinates to LEAs. While conducting observation support, a LEO must be present, on board the aircraft or in direct contact with National Guard Service members, and the observation support will always be conducted under the continuous and immediate direction of a LEO.

- a. Aerial/Ground Reconnaissance.** A law enforcement support mission undertaken to obtain, by visual, ground sensor, or electro-optical/infrared (EO/IR) means, information about the activities and resources of an LEA-developed target, or to secure data concerning the meteorological, hydrographic, or geographic characteristics of a particular area. Examples include: route, zone, and area reconnaissance.
- b. Aerial/Ground Observation.** A Law enforcement support mission involving the observation of LEA- developed targets that may include suspicious buildings, vehicles, vessels, or persons in the United States and to provide precise and continuous coordinates to LEAs. While conducting observation support, a LEO must be present, on board the aircraft or in direct contact with National Guard Service members, and the observation support will always be conducted under the continuous and immediate direction of a LEO.
