A-10 Flyover Request info:

1-The requester, you, needs to submit a new request via the aerial events website: https://www.airshows.pa.hq.af.mil/PublicSite/Index.cfm?fwa=home

2-Once you receive a request number from this site, the requester needs to contact the local FAA Flight Standards District Officer (aka the local FSDO) and submit the DD Form 2535 (this is the form that you'll get from the aerial events system) to the FSDO for their approval on section IV. Their contact information is 7-ANM-SLC-FSDO@faa.gov

3-Once the FSDO approves the fly over, the requester needs to email the completed DD 2535 to the aerial events team, they do not accept faxes or snail mail. The email address is as follows: aerialevents@us.af.mil

4-Once the SAF/PA team receives the request, they will internally route to determine if the event is eligible or not. If it's deemed eligible, they populate the request in their system for people to volunteer for the event.

5-If SAF/PA marks this event eligible, please let me know so we can route the event internally.

6-This can be done at anytime during this process, but please go to the following link to submit your request to our state community relations team: https://www.imd.idaho.gov/public-affairs/community-relations/

* **For 9/11 events SAF/PA Aerial Events is now requiring coordination with mayors of the towns we would support with a flyover**
    -This will be in the form of Memo/Letter from the flyover locations Mayor signed and dated.
